

Williamsburg WiFi

Welcome to the Williamsburg WiFi Zone, a free wireless internet service available for visitors, residents and students to stay connected during their Downtown experience. While sitting on Duke of Gloucester Street, eating at an outdoor café on Prince George Street, or convening a power lunch at one of our dining establishments, the public can access the Internet network free of charge via www.williamsburgwifi.com.

We hope you will take time to use this new service as you enjoy all Downtown Williamsburg has to offer. Also, we encourage you to schedule future business lunches and dinners in Williamsburg so you can take advantage of this WiFi service.
Jeanne Zeidler, Mayor

Twenty-first century technology and convenience in an eighteenth century environment
